

**Josiah Hosking** BEng (Hons)  
**Electrical Engineer - Townsville**

### Qualifications & Affiliations

- Bachelor of Engineering (Electrical & Electronic) with Honours (Class I)
- Academic Medal (Bachelor Course work)
- Institution of Engineering & Technology prize 2015
- Graduate Member of Engineers Australia.

### Background

Josiah graduated from James Cook University at the end of 2015, and joined the STP Consultants team under the guidance of Jill Parsons. Since this time, he has been involved in a diverse range of projects and has rapidly developed his expertise in the Building Services area.

So far in his career, Josiah has been an integral part of a number of projects for various government departments, including the Department of Education, Training, and Employment, and the Department of Housing and Public Works. He has also been significantly involved in projects with Queensland Health and James Cook University among others.

Josiah's professional responsibilities have included the design, documentation, and review of electrical services for public and private projects across Queensland from Brisbane to Mount Isa, as well as some work in the Torres Strait.
