

**Matthew Whittering** ADCE  
**Civil Engineering Manager – North Queensland**

Matthew is an experienced Civil Designer with over 19 years technical experience in the Civil Engineering Industry. Matthew has advanced skills in master planning, civil design and drafting, inspections, construction supervision and project co-ordination. Matthew's experience in Civil designing has seen him become the preferred designer for many of the residential subdivisions in the region. Matthew has become renowned for his efficiency, logic and his commitment to meeting client timeframes.

### Background & Experience

As an integral part of the civil design process, he is also proficient with a variety of software applications. Some of the engineering software applications include; 12DModel, Ezysurf (3D Terrain), P.C. Drain (Stormwater Design), Autoturn (Vehicle Turning Paths), HECRas and many other civil design software packages.

In the position of Civil Engineering Manager – North Queensland, Matthew is responsible for managing staff and client timeframes, the design, drafting and documentation of civil works, construction supervision of residential subdivisions and many other civil engineering projects.

Matthew commenced his Cadetship in Civil design at Cardno MBK in 1997, under the stewardship of respected Civil Engineer Ian Hamilton. In 2001, Matthew moved to a smaller practice "Auscan Consultants" and worked closely with Mario Zappala. After Auscan merged with Cardno MBK in 2002, Matthew joined The BMD Group as they moved heavily into the development mode. During his time at BMD, Matthew was responsible for the design of many subdivisions that BMD developed in the Townsville region. In 2007 Matthew joined STP Consultants to set up the civil services arm of the company. Matthew has spent the last 10 years at STP consulting servicing all of the company's civil clients.

Bringing his significant civil design knowledge and project co-ordination skills to the team, Matthew is a valued employee and has extensive knowledge in the civil design of residential subdivisions and many other civil engineering areas.

### Major Project Experience

#### Mining

- Rolleston Coal Primary Hauls Roads
- Rolleston Coal Mine Access Road

#### Commercial

- Fairfield Waters Tavern - Townsville
- Metropole Hotel - Townsville
- Reece Mackay

#### Education

- Mer Island School
- Mackay Christian College
- AB Paterson - New Centre for Positive Education, Learning & Health
- TAFE Pimlico Campus Master Planning
- JCU Energy Centre
- Townsville Trades College
- Vet Precinct – JCU Townsville
- St Anthony's Padua Campus - Refurbishment Works
- Mareeba State School – New Prep Building

#### Aged Care

- Carlyle Gardens, Townsville
- Ozcare, Hervey Bay
- Mossman Aged Care
- Muroona Gardens, Bowen
- Warrina Innisfail Redevelopment – Stage 1
- Tully Nursing Home

#### Child Care

- Edison Street Child Care, Wulguru Townsville

#### Industrial

- Industrial Shed, 1 Elquestro Way, Bohle

#### Residential

- Rossmead Acres, Townsville
- Kalynda Chase for Urbex, Stages 1-4
- Crestbrook Estate for BMD Properties
- Rossmead Acres for BMD Properties Stages 3-9
- The Mews for Delfin
- Aspley Isle for Urbex
- Riverview Estate for Parkside Developments
- Forest Gardens Estate – Townsville Earthmoving
- Montana Development
- Fairfield Waters Apartments – Hedley Group
- West End Apartments – Hedley Group
- Lotus Gardens Apartments – Hedley Group
- Godier Place, Townsville
- Fraser Drive Residential Development, Tweed Heads
- The Haven Small Lot Subdivision – Hugh Street
- Avalon Estate, Mackay

#### Service Station

- Caltex Service Station - Paget
- Shell Service Station – Booval
- Service Station, Food Outlet & Child Care Centre, Collingwood Park

#### Fire Station

- Richmond Fire Station Replacement

#### Community

- Mendi Seat of Government PNG
- Atherton International Club – Refurbishment & Extensions

#### Hotel

- Gilligan's Whitsundays
