

Stephen Tobias B.Eng (Hons), MIEAust, MIEPNG, CPEng, NPER, RPEQ
03499
Founding Partner & Director

Stephen Tobias, STP Consultants' Co-Founding partner, has managed the STP Cairns office since 2005. Since graduating with 1st class honours from Monash University in 1981, Stephen has an enviable record.

Stephen's innovative approach to situations has enhanced his reputation in all aspects of engineering including multi-residential, commercial and industrial with his sought after practical approach to constructability. His ability to provide effective solutions for "out of the ordinary" engineering problems has been recognised by developers and contractors alike.

Background & Experience

After graduation, Stephen's talent evolved as a Graduate Civil Engineer for Comalco Ltd, before moving on to Colefax Clayton Smith in Cairns, where he progressed from Design Engineer to Senior Engineer and on to Associate Partner. In 1992 he became a Director of Progress Consultants, where his reputation for cost effective designs and quality documentation was identified by all key developers in North Queensland. After BMD acquired Progress Consultants, Stephen was appointed as Manager of the Cairns BMD office.

Stephen is registered with the National Professional Engineers and has been a Member of the Institution of Engineers, Australia since 1989 and a Registered Professional Engineer, Queensland since 1991. In 2010 he became a member of the Institution of Engineers PNG, and a Structural Engineer with the PNG Registration Board.
