A recent addition to the STP team, Wade is the Senior Hydraulic Services Designer for STP Consultants. Wade is a Senior Designer with over 15 years' experience in Building Services Consulting. Along with Wade's Construction Hydraulic Diploma and his former skills as a plumber, Drainer and Gas Fitter, Wade has an elevated attention to detail within the Hydraulic Design Field.

**Background**

After obtaining his relevant Trade Licences in 1994, Wade worked as a plumbing sub-contractor in the Brisbane region up to 2002, from there he entered into the Estimating and Design Field. Wade has worked on an extensive range of projects throughout Queensland, New South Wales and Melbourne. Below is a snap shot of Wade's extensive work history.
