

Project Experience - INSTITUTION BUILDINGS

Boasting a history of demonstrated success in the delivery of **Institution Buildings**. STP Consultants continues to be at the forefront of engineering innovation.

STP Consultants not only boasts staff that are experts in their disciplines, we pride ourselves on clients servicing and building long lasting relationships.

PROJECT	DATE	DESCRIPTION	VALUE	ROLE	CLIENT REFEREE
Mackay Replacement QFES Station	Current	STP Consultants were engaged in Structural, Civil, Electrical, Mechanical and Hydraulic services for the Replacement Fire Station located in Mackay. The scope of works include Schematic Design, Developed Design, Contract Documentation, Construction and Post Construction Phase. The purpose of the Replacement Fire Station was to expand the current facilities but also to upgrade the current Fire Station.	n/a	Structural/Civil/ Mechanical/ Hydraulic Engineer	Conrad Gargett Architecture - Peter Petersen (07) 4724 1882
Mount Isa Fire Station Upgrade	Current	State Government awarded funding in early 2016 for a \$1 million upgrade to the Mount Isa Fire and Rescue Station. The facility located in West Street will undertake an upgrade to provide and enhance their current facilities to boost firefighters capability to keep the local community safe. The works include demolition of two existing residences, civil works for new hardstand areas and the construction of a storage facility for vehicles and equipment, adjacent to the existing Mount Isa Fire Station consisting of 2 components where STP Consultants are engaged in both, one being the Electrical Audit & Report, Geotechnical Terms of Reference and the Office Building Upgrade. The office building upgrade is currently undertaking phases including Schematic Design, Design Development, Contract Documentation, Tender Review and Construction Phase for Structural, Civil, Mechanical, Electrical and Hydraulic services.	n/a	Structural/Civil/ Mechanical/ Electrical/ Hydraulic Engineer	Building and Asset Services - Michael Cambridge (07) 4779 5401 MacCallum Planning and Architecture Roger MacCallum (07) 4721 2999
