

Michael Galea

MECHANICAL ENGINEER

B ENG (HONS), MIEAUST

BACKGROUND

Michael continues to expand his knowledge and skills in the building services industry, particularly in HVAC and vertical transportation, with his delivery of a wide range of successful projects.

Michael is a strong communicator and focuses on delivering a client centred approach to achieve the best outcomes for the project.

With the capability of producing high-end draft work thanks to his extensive knowledge of AutoCAD and Revit, Michael is an emerging leader of mechanical engineering services.
