

Romy Quis

SENIOR STRUCTURAL ENGINEER

B ENG, MIEAUST, NER, MIEPNG, RPEQ 15306

BACKGROUND

With 25 years of experience in various fields of the construction industry, Romy is bringing her significant structural design knowledge to the team which she developed during the 25 years of experience in various fields of the construction industry and related environs in Germany and Australia.

Romy has been involved in projects throughout the Torres Strait and remote areas of Queensland delivering necessary engineering services and associated infrastructure to remote communities which is critical to people's living standards. Adopting a flexible approach and openness to innovations to assure prompt adjustment to changes in legislation and industry, form a core part of Romy's work ethic.

Romy has re-joined STP having spent the previous 5 years at PDR/SMEC and GHD Cairns. Romy has gained extensive knowledge in the last 20 years here in Cairns in Consulting Structural Engineering including structural design of steel, aluminium, reinforced concrete, timber and masonry for low and medium-rise residential buildings, as well as commercial and industrial buildings.
