

William Lee

SENIOR ELECTRICAL ENGINEER

B ENG, MIEAUST, CPENG, NPER, APEC ENGINEER, INTPE (AUS), BUILDING SERVICES LICENSE (TAS) 189188154, RPEQ 15416

BACKGROUND

An experienced chartered (CEng) and RPEQ qualified Senior Electrical Engineer with over 15 years local and international experience. William is highly motivated and knowledgeable across large and small projects, in all stages of the project from master planning, site investigative works, base building due diligence, concept to detailed design, coordination and construction administration. William's experience spans across a wide range of building sectors – including healthcare, commercial office high rise, residential high rise, mission critical, laboratories, performing arts and museums, shopping centres, and tenancy fit-outs.

William is known as a growth driven, efficient, responsive, proactive, supportive technical leader and team-member who aspires to deliver high quality innovative engineering deliverables meeting client briefs and local standards, while maintaining best design practices, within budget, and within programme.
